# Planning committee backs new scheme for Jurassic Coast centre

SEATON Town Council's planning committee have backed an amended planning application for the development of a brand new Jurassic Coast Interpretation Centre.

by Laura Goldsbury Noy  
[laura@pemedial.co.uk](mailto:laura@pemedial.co.uk)

The proposed development which has been in the pipeline for several years involves the demolition of the existing tourist information centre, land-fill operations and other infrastructure

improvements including removing existing car park access and forming a new highways junction and car park access.

Led by the Devon Wildlife Trust in conjunction with EDDC,

Devon County Council and the Jurassic Coast World Heritage Site Team, outline planning permission for the discovery centre had already been granted but the planning application

has recently been amended.

The changes included the changed footprint of the centre, extended soft landscaping to provide an outdoor interpretation area and a re-design of

the public realm and performance space between the centre and Seaton Tramway station to provide space for public events.

The route for the proposed 'Stop Line Way,' has also been changed.

This will be a long-distance walking and cycling route, created as part of the National Cycle Network Route 33 which, when complete, will cover 70 miles. It will connect Seaton to

Weston-super-Mare via Axminster, Chard, Ilminster, Taunton, Bridgwater, Highbidge and Burnham-on-Sea.

Seaton Town Council considered the revised planning application for the proposed Seaton Discovery Centre during a recent planning meeting.

Chairman of the committee, Councillor John Meakin, said: "The town council has been working closely with EDDC

## Councillor resigns just weeks after by-election

A SEATON town councillor has resigned, prompting a possible by-election just weeks after the town last went to the polls.

Councillor James Semple sent his letter of resignation on Friday morning, addressed to the recently appointed chairman of the town council, Councillor Gaynor Sedgwick, stating his reasons for departure.

Mr Semple, who has been serving on the council for two years, said: "As you know, I have recently moved house, and this involves substantial amounts of renovation, much of which I am doing myself.

"In the course of this, I have become aware of the very low standard of thermal efficiency of sheltered housing units in Seaton

and elsewhere.

"Being heated electrically, such units combine a very high carbon footprint with uncomfortable and unhealthy living conditions for a vulnerable section of our community.

"I have therefore got involved in a campaign to improve these conditions using funding from central government and energy suppliers.

"All of this leaves me with insufficient time to give my council work the level of attention it deserves, and I think it best to pass it on - perhaps to the new members who have recently joined you.

"It would have been more convenient if I had come to this realisation before the recent election, but perhaps it is not too late to ac-

cess the rest of a very strong field of candidates.

"Seaton Town Council has embarked on a series of ambitious and exciting developments.

"I shall continue to take a keen interest in these and trust they will receive the support they require for successful implementation."

Commenting on Councillor Semple's resignation, chairman of the town council, Councillor Sedgwick, said: "Councillor Semple has served the council for over two years and Seaton Town Council have appreciated his thorough investigating and reporting of important matters.

"We wish him well in his new endeavours and thank him for the time he has committed to Seaton and the council."

## Rainbows' birthday

SAY CHEESE | The photo corner decked out with beach props was the perfect opportunity for the party goers to pose with their friends

SEATON Rainbows celebrated their tenth birthday in style when more than 100 girls, past and present, joined in a hula style beach party.

Leaders Tracy Anning and Dawn Squire started the Rainbows group in 2003 after they were inspired to offer activities for young girls in the area.

## EAST DEVON

# £240,000 grant for the CAB

**EAST** Devon Citizens' Advice Bureau (CAB) has made it clear that a massive £240,000 grant cannot be used to support existing advice centres – but will be used to revolutionise access through phone, internet and social media.

It has also been stressed that the new strategy will not pose a threat to advice centres – including those in Axminster, Honiton, Seaton, Ottery and Sidmouth – as many clients must be seen face-to-face regardless of improved technology.

The £244,086 grant comes from The Big Lottery Fund under The Advice Services Transition Fund.

Although paid to East Devon CAB, the grant is given to form a partnership also including Age Concern, Olive Tree Association, Open Door, Westcountry Housing and Living Options Devon.

The partnership has two years to create a formula providing improved access to information through new channels, including online and phone services.

As part of the process, the partnership will train volunteers in specialised areas like benefits, debt, employment and housing.

East Devon CAB is based in Honiton, and manager Chris Griffiths said: "The plan is to look at and develop how we expand advice."

"We will try to develop a more streamlined advice service across the rural district and increase access on a non-face-to-face basis."

It is too early to say exactly how access will improve, but it is, for example, possible that the advice line could be manned over weekends.

Mr Griffiths denied that increased non-face-to-face access would be a threat to existing advice centres, saying: "People still need face-to-face service."

"You can't form fill over the phone, for example, and you need to go through some things face-to-face."

"Lots of people don't have a computer and many can't afford broadband."

Big Lottery Fund director (England) Dharmendra Kanani said: "Getting the right advice at the right time can be a lifeline for people."

# From the editor's chair Help for the unemployed

**ALTHOUGH** the brouhaha over the demise and re-emergence of Axminster Carpets has settled down, and the town has returned to relative normality, the fall-out from the collapse of one of Devon's most famous brands is still acutely felt in many families.

Whilst some of the 300 carpets workers made redundant have been able to secure employment elsewhere, the majority are still looking, and Canned Sunshine, the Axminster food bank, is still providing regular food parcels for more people than in any other town in Devon.

After reporting extensively on the impact that the collapse of Axminster Carpets had on its home town, this newspaper made a conscious effort to shift the emphasis from the cloud of doom and gloom that hovered over Axminster for a few weeks to a campaign promoting the many positive aspects of living and working in the town.

We labelled that campaign "Axminster Fights Back" and it received brilliant support from Axminster's trading community, anxious to be part of any positive promotion of the town.

As part of the campaign, we are supporting this

coming Thursday's first ever Job Fair, organised by the splendid Axminster Job Club with free advertising and other promotional assistance. The Job Club has provided invaluable advice and support for those who have found themselves in stretched circumstances after the collapse of Axminster Carpets.

Seventeen companies from around the area will have a presence at the Job Fair, which is being staged at Axminster Guildhall.

It is hoped that those currently out of work will take full advantage of this initiative, which is also supported by Axminster Town Council and Job Centre Plus at Honiton.

♦ We report also this week on the possibility of yet another town council election in Seaton. The good folk of Seaton must be wondering whatever is happening to their town council, currently without a town clerk.

Let's hope that whoever fills both vacancies, will stick at the job until this council's full term is completed. Seaton needs and deserves some stability.

## AXMINSTER

# Seventeen firms at first Job Fair

PLANS for Axminster's first Job Fair were being finalised this week with 17 firms looking to fill vacancies.

Organised by Axminster Job Club and supported by Pulman's View From Axminster, JobCentre Plus and Axminster Town Council, the job fair will be held in the Guildhall on Thursday, May 30th.

Sparked by mass-redundancies at Axminster Carpets earlier this year, the job fair will provide an opportunity for job seekers to find work.

Job club officer Peter Porteous said: "This is a drop-in opportunity if anyone wants to have help with a CV or filling in an application form. Every half hour throughout the day there will be presentations on different subjects."

Anyone organisation interested in having a stall is asked to call Mr Porteous on 07767 202272 or Dave Clark at JobCentre Plus in Honiton on 01404 403 214.

**A SEATON** town councillor has resigned, prompting a possible by-election just weeks after the town last went to the polls.

# Silver for charity at Chelsea show

**HONITON** eye care charity SeeAbility has won a Silver Gilt medal for its imaginative garden at this year's RHS centenary Chelsea Flower Show in London.

SeeAbility's thought-provoking "Sight Loss" garden, designed by Darren Hawkes and supported by private bank and wealth manager Coutts, was created to encourage show visitors and television viewers to consider the impact of sight loss. The garden included striking hard landscaping and planting to conceptually represent four specific sight conditions.

SeeAbility patron, the Duchess of Gloucester, visited the garden on Monday with the royal party, which included the Queen and Prince Philip.

## OTTERY St MARY

# Food festival will take over town

**ORGANISERS** of this weekend's Ottery St Mary Food and Families Festival are busy preparing for a whole host of foodie activities set to take over the town.

Aiming to celebrate everything related to food and drink in and around the town, the not-for-profit event has been organised by a committee made from individuals, businesses and organisations from the town connected with food, drink and leisure.

The main event will kick off this Saturday (June 1st) with events in the main marquee, which will be situated in the main Sainsbury's car park.

The festival opening will take place at 10am in the marquee alongside the announcement of the winners of the children's recipe competition, which has been taking place during the last few months.

Marquee events will include a cookery theatre where they will be a variety of cooking demonstrations from Gnocchi Pomodoro with Angi Miles from the Lamb and Flag, to lamb butchery with Michael Fitz of Pipers Farm.

With cooking demos throughout the day, the marquee's main events will finish with a surf and turf auction at 5pm led by David Summer of the Ottery Auction Rooms.

There will be a market in Mill Street running from 9.30am until 5pm packed full of stalls representing the best of food and drink, with a chance to try before you buy, take advantage of special offers and take away a range of food and produce.

## COLYTON

# Big crowd for tractor rally

**COLYTON** Tractor Run, which set off from the Peace Memorial Playing Field yesterday (Monday), cheered on by crowds of spectators.

More than 100 tractors took part in this year's event, which toured the Coly Valley, including several villages that had not been visited on the route before, finishing at Miller's Farm Shop in Kilminster.

The total raised for this year's chosen charities was not known at the time of going to press.

# Birthday celebrations for Seaton Rainbows

## ■ Continued from page one

With both their daughters – Laura and Pippa – being original Rainbows, the organising duo never left and have since put in years of effort to ensure that the games, crafts and activities for Seaton girls can continue.

A huge number of girls arrived, dressed from head to toe in beach clothes and colourful fancy dress to Seaton Town Hall, which had been transformed into the ultimate beach party venue.

Decked out with giant exotic paper flowers, banners, and decorations, the girls enjoyed a range of activities including making crafts such as ankle bracelets, feathery parrots and hula leis to wear and nail painting with some of the older girls.

The group also had the chance

to get active, dancing to beach tunes, playing with giant seaside inflatables, joining in a limbo competition and making fruit kebabs.

The highlight for many was a special photo corner set up with props such as beach balls and deckchairs so they could be pictured enjoying the party with their friends.

The afternoon ended with games and a celebration together as they sang 'Happy Birthday', blew out the candles and shared out their giant cake.

Leader, Dawn Squire, explained: "When we started we were told one of us should run the group and the others should assist but we didn't want to do it that way so we decided to run it jointly – and that's been really successful for

the last ten years. Sue Smart (a/k/a Rabbit) joined us about six years ago – and prior to that we had Allison Moxom (a/k/a Badger), and a young leader called Chincilla – she chose this when we told her all names had to be woodland creatures.

"Our other young leader was called Thumper and our current young leader is called Squirrel. I'm Fox and Tracy is Otter.

"We have loads of fun, playing games, making crafts, singing silly songs and having Rainbow adventures and we are really pleased that we have reached ten years and beyond.

"The party was part of a few activities arranged this year to celebrate our ten years in Seaton and the next challenge will be to create a Rainbow garden."

# Council backing for revised plans

## ■ Continued from page one

and DCC on the delivery of this project over a number of years and recognises the economic benefits that it will bring to the town as part of the town's overall regeneration plans."

Despite members speaking positively about the amendments, questions were raised in the public question time about the reality of the development and the affects on the town.

Seaton town councillor, Tony Woodman, who is not a member of the planning committee, spoke in his capacity as a Seaton resident and said: "I am not against having a discovery centre in Seaton but I seriously question this current plan and I speak on behalf of many traders and residents who have approached me about this scheme.

"The harmful effect of Tesco on the footfall in the town centre is now well documented and there have been calls for action to reverse this trend.

"Yet the same people who now recognise this problem are proposing and supporting a scheme that will further reduce the footfall and take people out of the town centre."

Councillor Woodman went on to explain that the recent French market held on the public realm was another example of bringing people away from the town centre.

He suggested that the former Woolworths building would have been a more suitable position for the centre which would be right on the seafront, leading visitors to the town's businesses and shops.

He also questioned the public consultation behind the project, and stated that he didn't accept the view that money for the scheme was earmarked for a discovery centre just at the Underfleet.

He added: "Then there is the issue of parking, this scheme will take up most of the Underfleet car park and no alternative parking has yet been proposed.

"Even the car parking officer at East Devon, Andrew Ennis, admitted at a recent meeting in this room that he had no idea what was going to happen.

"You cannot take away such a vast amount of car

parking and not expect it to have a major adverse impact on the town?"

"This council needs to focus on what can be done for the town centre as it is the heart of the town.

"People come here for the town's charm and the beach, but kill the heart and everything around it dies."

A spokesperson for Seaton Town Council commented: "Some questions were raised in the public question time about car parking numbers.

"The committee were satisfied that this matter is being fully addressed by EDDC and the Devon Wildlife Trust and councillors did not have any concerns."

During the meeting, members of the town council's planning committee spoke in support of the amendments and expressed the hope that the project would move ahead as quickly as possible. They unanimously recommended approval of this amended application.

EDDC chairman of the Seaton Regeneration programme board, Councillor Ian Thomas, also commented: "The Jurassic Coast Discovery Centre is a really good news story for Seaton.

"It represents an investment of just under £2 million from East Devon and £500,000 from Devon County Council, plus other resources, in the future of tourism for Seaton.

"It is in a prime spot near to the area's major tourist attractions – the beach, Wetlands and tramway – and on the site of what is currently an under-used car park.

"It should also be remembered that this is by no means a fresh application.

"The idea of the Discovery Centre has been part of Seaton's wider regeneration agenda for several years and the latest application is designed to make minor enhancements to the detail of a scheme that is already well accepted in principle.

"With further bids for funding in the pipeline and a well-respected operator on board in the shape of Devon Wildlife Trust, the future looks bright for Seaton and the centre can only serve to increase the number of visitors to the town and so benefit its retail traders."

# School's silkworms helped make Queen's robes

JUNE the 2nd will mark the 60th anniversary of Queen Elizabeth II's Coronation and one Seaton lady hopes that the event will be well celebrated in the town.

Looking back on her own coronation memories, Daphne Harman Young said she hoped Seaton would be a sea of Union Flags and red, white and blue bunting for the diamond anniversary.

During 1952, Ms Harman Young was a teacher at the 'Pippins' school in Axminster, a small preparatory boarding and day school which was situated on the corner of Stoney Lane; the build-

ing remains as Axminster youth centre.

That year the headmistress, Miss Roberts Jones, decided to raise silkworms as part of the school curriculum and alongside the worms, there was a pet's corner where the children kept a range of animals, including a donkey.

Ms Harman Young explained: "When the eggs hatched, the caterpillars were fed mulberry leaves from the tree growing in Cloakham, home of the Duffield family, whose children, Simon and

Susan were pupils.

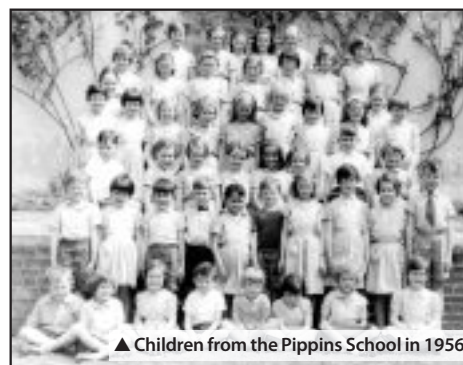

"In time the caterpillars spun their silk cocoons and, before they ruined the silk by eating their way out, Miss Robert Jones decided to write to Lady Hart-Dyke of Lullingstone Silk Farm in Kent asking if she would like to take on our silk worms.

"She was pleased to accept them and early in 1953, there was great excitement when a letter was received saying that some of the silk from the Pippins silk worms had been used in the making

of Queen Elizabeth II's Coronation robe.

"A reporter from the local BBC Radio station came down one evening soon after and interviewed several of the boarders who told him how some of the caterpillars climbed up the headmistresses' curtain to open their cocoons.

"I wonder how many ex-pupils remember this? Happy memories!"

# Mother 'overwhelmed' by support for setting up mental health group

AN AXMINSTER mother's ambition to start up a mental health support group for young people will become a reality.

Since revealing her plans early this year, Debbie Humberstone has continued fundraising and recently reached the required level.

She said: Sufficient funding has been secured for the project to go ahead, which is exciting news.

"In total £18,500 has been raised to date, and this has come from a variety of sources – Axminster Hospital League of Friends, Axminster Care Service, The Jack Riley Trust, East Devon Volunteer Support Agency, Gibbons Family Trust and the Tuckers Arms Raft Club.

"I have also received some individual contributions from people, and for that I am very grateful.

"I have been overwhelmed by the support for this project, and for people's faith in me to make it happen."

The group, to be known simply as The Project, will be based at the Young People's Centre in Axminster and will cater for young people (aged 12-24) in East Devon and their parents/carers.

The project will offer a friendly, non-judgemental space for young people who are experiencing emotional and mental health difficulties to come and talk to a friendly face and to meet and share with other young people with similar issues.

Debbie, whose interest in mental health issues arose when her then 16-year-old daughter suffered problems and was admitted to an in-patient unit, said: "It is extremely distressing and terrifying to see your child in such emotional pain; mental illness isolates not only the person with the illness, but also affects friends and family.

"When my daughter, Jess, was so ill, it would have

By Anders Larsson

anders@tindlenews.co.uk

helped her, and the whole family, to have had a local group where we could have gone for help and support."

Four years on, Jess is doing well and Debbie would like to use her experience to start this project.

She explained: "Peer support is increasingly recognised as an effective way to support people with mental health problems.

"Support for the project has been unanimous, with GPs, Child and Adolescent Mental Health Services CAMHS, school nurses, youth workers and many other professionals who work with young people locally acknowledging that this group will fill a much needed gap in services in this area.

## Generous funding

"Mental health problems in young people are on the increase, with one in 10 young people now affected by mental illness - that's three pupils in every class in every school across the country.

"And here in Devon the situation is no different."

Debbie added: "I would personally like to thank all the local organisations and groups who have got behind this project, and who have been so generous in granting funding to it so far.

"I would also like to thank those people who have volunteered their time to support the project, and for their patience during this start-up period."

It is hoped that the project will start in June or July this year.

Debbie is still keen to hear from individuals or organisations, who feel they may be able to help.

She can be contacted by email at

debbie@fieldmaple.co.uk or on 07977 836380.

The core purposes of the project are to provide information and support by:

- ◆ Providing an information centre (and website)
- ◆ offering a peer support group to young people affected by mental health issues
- ◆ Providing a regular support group for the parents/car-

ers of young people affected by their mental health issues,

◆ Promoting mental health awareness in the community to help break down the stigma and discrimination associated with mental illness

■ BIG CHEQUE: Trish Ramsey, Liz Fowler (both of Axe Vale Over 50s Club), Dr Phil Taylor and deputy matron Pauline White

## Auction raises £400 for hospital friends

AN auction in Axminster netted £400 for Axminster Hospital League of Friends.

Organised by Axe Vale Over 50s Club and held at Axminster Inn on April 26th, the aim was two-fold; raise money for the club itself and

also for the league of friends.

Club member Liz Fowler said: "Auctioneer Stuart Fowler and sons Toby and Robbie helped make it a successful evening.

"Many thanks to all who donated, helped and supported the auction."

A cheque was presented to league of friends chairman Dr Phil on Thursday, May 23rd.

He was very grateful and said: "It is fantastic that people are raising money in this way because it is so vital for the future of the hospital."

## Surprise for retiring doctor

When an Axminster GP was summoned to a special meeting of Membury Parish Council, he didn't realise he was about to walk into his own retirement party.

Dr David Evans, who lives in Membury, has retired after 35 years at Axminster Medical Practice.

When told to attend a special meeting of the parish council on Saturday, April 27th he didn't know what to make of it.

But it soon became clear that villagers had organised a retirement bash for the doctor, who told Pulman's View: "It was a very special meeting. There had been a certain amount of subterfuge going on. I'm deeply touched."

When he applied for a place at medical school in the 1960s he was interviewed in London by a certain Dr Allen Crockford, a founder of the medical practice in Axminster decades earlier.

It was only later that Dr Evans realised the connection as he couldn't know where he would end up, and Dr Crockford interviewed the budding doctor in his capacity as secretary of St Thomas's Hospital Medical School.

Dr Evans qualified in 1972 and had a number of hospital jobs to prepare him for general practice.

When asked about his plans for retirement, he said: "It is early days but I will try to settle into a domestic routine."

"My life has been governed by the job and I have enjoyed every minute of it.

"It's been a busy and enjoyable practice, and the patients here have been a pleasure to treat."

## Students try their hand at weather forecasting

COLLEGE students turned weather presenters when visiting Met Office headquarters in Exeter for a science camp.

The invitation to a group of about 15 Year 7 and 8 students from Axe Valley Community College in Axminster came as part of a Met Office initiative to meet youngsters and teach them about forecasting and climate issues in a fun and challenging way.

Students arrived on Friday, May 10th and after lunch and games, scientific sessions began.

More than 40 Met Office staff and volunteers helped to produce inspiring and fascinating sessions.

They taught the children about forecasting the weather using their knowledge of wind, rain, temperature and clouds.

One task given to the visitors was forecasting the weather for Dustin Dweaver – a fictitious popstar who needed to know if it would rain at his 3pm concert the next day.

The children were even treated to a peak of the Met Office's powerful super computers and a visual demonstration in the

heart of the Met Office building about how model-based forecasting first began with a man named Lewis Fry Richardson in the early 1980s.

A very popular activity was watching a real life forecaster in front of the camera before each student recorded their own forecasts.

### Great experience

Tents were erected in conference rooms, where the visitors settled down for the night after a "campfire science" session. Everyone was woken the next morning to a hearty breakfast and more sessions concluding the forecasting challenge.

One of the students from Year 7, Jed Holmes, wrote a card of thanks to sum up the camp.

The card said: "I have learnt a lot and had a great experience."

"It has made me think about more possible career options."

Year 8 student Callum Wood, added: "It was even better than I had thought it would be."

The visiting students are on the college's ASPIRE programme for gifted and talented youngsters.

ASPIRE co-ordinator Rebecca Levi said "The Met Office Science Camp was an experience to remember and it was a real privilege to be a part of it from the start. "This may become an annual event for the ASPIRE programme and a real highlight for the calendar.

"We are very lucky to have a supportive business on our doorstep which believes in enriching the lives of students in Devon, challenging students academically, sharing their knowledge and real life issues and showing youngsters the inside of a business and how it relates to what they learn at school.

"A huge thanks should go to all those Met Office volunteers who gave up their time and worked so hard for our students. It was sensational."

SUPPORTERS of the Axe Valley Heritage Museum in Seaton gathered for the official opening of the attraction ready for the summer season.

Guests arrived in full force for the day, enjoying the fresh exhibits and enjoying champagne and strawberries, before the official opening speech.

The open afternoon began with a speech from the Axe Valley Heritage Association chairman, Geoff Marshall who welcomed the many guests and thanked them for their support.

He said: "I would like to welcome all to the opening of the 2013 season for the Axe Valley Heritage Museum here in Seaton."

"I would like to thank the many association members for their time and effort spent producing this excellent museum and ensuring it is ready for the season for the many visitors to enjoy."

Mr Marshall thanked many members of the association and supporters of the museum including curator, Ted Gosling, and the many volunteers who work tirelessly throughout the season to keep the museum manned.

Alongside regular supporters and members of the Axe Valley Heritage Association, the event welcomed special guest, County Councillor Jim Knight who recently supported the museum with a grant of £500 from his locality budget.

The money donated by Councillor Knight will support the development of a research centre based within the museum, where visitors will be able to gain access to a full database and archive featuring records, photographs and files to help with their search on Seaton's history.

Mr Marshall thanked Councillor Knight for his donation and said: "We still benefit greatly from donations and grants and I would like to thank Councillor Knight, not only for his kind donation, but for coming

## Bedtime at the Library

**BEDTIME** will come as early as 5pm in Axminster Library on Tuesday, May 28th.

This is because staff at the library are holding a bedtime story session between 5pm-6pm.

Axminster Library's Penny Davis (pictured) said: "We are inviting children of all ages, but particularly those aged 3-10 years, for some classic bedtime stories.

"They can bring their favourite cuddly toy, or snuggle up with their blanket if they prefer, and listen to some well-loved tales like *Dogger* by Shirley Hughes and *Harry and the Wrinklies* by Alan Temperley.

"There will also be information available for grown ups about why experts say that reading out loud is the best thing you can do with children."

## College hosts the wonders of science

A MODEL rocket car, open flames and a digital planetarium experience were all on the menu during a Year 7 science day at Axe Valley Community College in Axminster.

To ensure varied and interesting activities, the college had laid on sessions with the Bloodhound SSC Education team (an engineering adventure project), The National Aquarium, and Space Odyssey Mobile Planetarium.

College staff member Rebecca Levi said: "In the UK there is a shortage of scientists, engineers and mathematicians.

"We believe that schools have an important part to play in motivating students to enjoy and study science, technology, engineering and maths (STEM) subjects at school."

Science teacher and Fellow of the Royal Astronomical Society Simon Ould brought a mobile planetarium to the college and gave students a 360-degree digital planetarium experience.

High resolution images, animations, movies and sophisticated computer simulations were pro-

jected throughout the dome to create a breathtakingly immersive and inspirational experience for the students.

Staff were also given the opportunity to experience the dome during a special lunchtime session.

Luke Feldman, a Year 7 student, said: "The dome was amazing and great fun. We were able to imagine ourselves in space."

### Expertise

Ian Galloway, professional development director of The Bloodhound SSC Education Team talked to the students about the Bloodhound SSC car and the engineering expertise involved in its development.

He explained that a driver named Andy Green will be using the car in his attempt to exceed 1,000mph at ground level at Hakskeenpan in South Africa next year.

This was followed by a demonstration with a model rocket car on the college tennis courts.

The National Marine Aquarium ran a practical group workshop

**CONTROLLED BURNING:** Josh D'Albertanson (left) and Aaron Chadwick (right) take charge of an experiment

where the students learnt about the hazards of waste plastics in the ocean.

In addition, the college's science department ran interactive sessions which gave the students the opportunity to participate in chemistry experiments.

Rebecca Levi concluded: "We are keen for our students to enjoy these subjects at school and aim to have an even higher number continue with them at university. "We were delighted with how well the science day went and I was very pleased to see the students fully engaged by the range and variety of the activities."

**FEELING LUCKY:** Sophie Smith, Martin Spurway, Andrew Moulding, Victoria Armstrong and Kaiden Tute try the lucky dip to the apparent amusement of Cameron Gould and Kayleigh Grimshaw.

## Lamb Inn fun day to make wishes come true

IT WAS the start of one era and the end of another one when an all-day charity event was held in Axminster.

The money raised will help Axminster resident Victoria Armstrong and her team send local children with life-threatening illnesses to see Santa in Lapland through charity *When You Wish Upon A Star*.

The fundraiser at Lamb Inn on Saturday May 11th marked the formal start of fundraising - but it was also the last official engagement for then Axminster mayor Andrew Moulding, who completed his term of office

the following week.

Split into two parts, the fundraiser started with a kids' fun day in the garden and concluded with live music and fancy dress for adults.

Victoria praised everyone who supported the event, including Lamb Inn for hosting it.

The event raised £100.

Anyone interested to sponsor the initiative or attend a future event can call Victoria on 07742 988566.

# Crowds cheer on tractor run

LARGE crowds turned out at the start line of the annual Colyton Tractor Run on Bank Holiday Monday.

More than 100 tractors set off from the Peace Memorial Playing Field in Colyton and took a rural route around the Coly Valley, including through many villages that had not been visited by the run before, finishing at Millers Farm Shop in Kilmington.

The total raised for this year's chosen charities is not yet known.

# Charity golf day raises £4,000

THE seventh annual Charity Golf Day, run jointly by the Rotary Clubs of Axminster and Lyme Regis, was a resounding success with over £4,000 raised for local charities.

This brings to raised over the past seven years to more than £25,000. Rotarian David Bettes said: "Thanks to our sponsors this event has gone from strength to strength, it just would not be the success it is without them."

"This year we are donating half of the proceeds to the Dorset and Somerset Air Ambulance and the Devon Air Ambulance charities. The remaining 50 per cent will be distributed to other Lyme Regis and Axminster local charities and organisations."

"We sincerely appreciate the support, yet again, of our main sponsor, Hix Oyster & Fish House in Lyme Regis, and major sponsors South West Water and By the Bay Restaurant, Lyme Regis, and to the 27 other local organisations that helped sponsor the event or donated major prizes for the raffle."

A total of 34 teams of four golfers took part on a day of glorious sunshine at Lyme Regis Golf Club. The format was Stableford with prizes awarded to teams with the highest joint scores. A team from Bridport Rotary Club took first prize with 92 points, closely followed by last year's winners, a team from Anstey Solicitors in Exeter, on 91 points and Axminster Power Tools on 89 points.

The Rotary Clubs of Lyme Regis and Axminster would like to thank Lyme Regis Golf Club for hosting the event, with many commenting on how good the course was.

Next year's Rotary Golf Day will be on Tuesday 13th May, 2014.

# Rotarians plan to support new mental health scheme

AXMINSTER Rotarians were pleased to welcome Debbie Humberstone as their speaker to their recent lunch meeting at the Conservative Club.

"If you love me Mum, just let me die." What do you do when your beautiful teenage daughter says that to you? That was, beyond all doubt, the most heart-breaking and devastating moment of my life, and a true moment of despair, and one which will remain with me forever," were the striking opening comments of her talk.

In just six short months, Debbie's daughter went from leading a normal life to being admitted to the Adolescent Psychiatric Unit in Plymouth – the only unit for young people in the whole of Devon.

In November 2009, shortly after her 16th birthday, her daughter agreed to go into the unit, knowing that she needed help and recognising that she could no longer cope with life as it was for her. She had not wanted to live to see that birthday.

Rotary members were struck by Debbie's candour and directness in her opening words, relating her experience as a mother of three, and in particular, to the sudden illness of one of her daughters. They were also relieved to hear that substantial progress had been made with her

daughter's health and many of the problems had been resolved.

Debbie is moving forward and setting up a local support charity, called "The Project", to help young people like her daughter, struck down by sudden mental health issues, and depression.

Conversations have been held with the Child and Adolescent Mental Health team (CAMHS), local GPs, school nurses, social housing, youth workers, and members of the Local Action Group, to develop this project and to ensure it can work in partnership with existing services already involved with young people locally.

Support for the project has been unanimous, and CAMHS has confirmed that being able to signpost people to a community project such as she is proposing may well have a positive impact on mental health recurrence in young people.

Rotary spokesman Bill Coltham said that members were able to offer a number of constructive comments and asked numerous questions around this difficult and challenging subject.

Rotarians were impressed with their speaker's sincerity and personal journey, and Rotary will be discussing its future approach and support to this project.

## East Devon Women's Institutes ROUND UP

### AXE VALLEY JOINT TRIP

SIX WI groups from the Axe Valley enjoyed a joint coach trip to Sherborne Castle on Wednesday, May 8th.

The branches agreed to arrange a group visit to cut back of costs of hiring a coach and ended up with enough attending to fill two coaches, with members of Beer, Seaton, Axmouth, Musbury and Whitford, Axminster and Colyton WIs joining in.

The group were split into two to tour the castle and visit the Abbey and the town centre. They learnt that they oldest part of the castle was built by Sir Walter Raleigh, who later fell out of favour with Queen Elizabeth I and was sent to the Tower of London.

The Queen gave the castle away and it is still in the same family. They built onto the castle in the same style and it now difficult to see the difference.

The family no longer live in the castle but in a smaller house in the grounds, using the castle family wedding receptions, Christmas and special occasion.

### BEER

ON Wednesday, May 1st Beer WI held its annual general meeting and social.

President Anne Gladstone and all of the existing committee were re-elected. Brenda Clark, from Colyton WI, kindly came over and supervised the election.

Members then enjoyed a social evening with everyone bringing a plate of food to share. Tea was provided.

Afterwards, Beer Creative Writing Group entertained members with two short plays written by Isabella Baldwin and Angela Parker, which everyone enjoyed.

In addition to the group's monthly meeting, members take part in many other regular events, including a monthly lunch club at local venues, and fortnightly card games, creative writing, group singing and knit and natter. During the winter the group also play skittles.

Meetings are held in the Balcony Room of the Mariners Hall on the first Wednesday of the month at 7.30pm.

For details of the group's activities look at the notice board outside Beer Newsagents. All welcome.

### HONITON AFTERNOON

THE Honiton Afternoon WI held their annual general meeting this month with President Maureen Doidge opening the proceedings by reminding members of the National Federation of Women's Institute (NFWI) 2013 resolution, "The Decline of our High Streets and Town Centres".

Members had previously voted in favour of this resolution which would be presented at the NFWI annual meeting in Cardiff on June 1st.

In her annual report the President said she felt very pleased with the past year. There had been a variety of good speakers and some very pleasant social occasions. She thanked the committee for their help and hard work and also thanked members who helped behind the scenes for their loyal support.

There were no changes to the committee and Maureen was re-elected as President for 2013/2014.

The two winners for the Competitions Cup were Joyce Allsop and Kay Mitchell. Kay also won the Flower Cup.

Refreshments were served after business and members then enjoyed a social afternoon, which included the reading of some amusing poems and a general knowledge quiz.

The next meeting will be on June 10th at 2pm in the Methodist Chapel, when the speaker will be Brian Phelps who will give a talk entitled "Gypsy Caravans and Other Things".

Visitors are always very welcome to attend.

It provides practitioners, parents and carers with free advice and support to ensure that young children are adequately protected from the damaging effects of the sun.

## Branscombe set to host music festival

BRANSCOMBE is preparing to host a brand new music festival this summer, which will see stars of the world stage performing in the village.

Among those performing will be some of the most critically-acclaimed international classical and jazz musicians.

Branscombe Festival will be held from July 26th to 28th, organised by local resident Ian Rosenblatt, founder of London's only international opera recital series, Rosenblatt Recitals. Festival-goers will be able to experience leading international musicians in an intimate, idyllic countryside setting.

Top opera singers and musicians will be playing in the village hall and church over the three days, culminating in a free concert on Branscombe beach.

The festival will be hosted by BBC Radio 3 broadcaster and journalist Petroc Trelawny and the line-up includes stars of the Metropolitan Opera and the Royal Opera House lyric soprano Ailyn Pérez, and tenor Stephen Costello in a rare recital with pianist Iain Burnside; the Carducci Quartet, one of the most successful string quar-

ters of their generation, with a stunning evening of French and British music; and rising young cellist Philip Higham who presents a solo programme of the music of J.S. Bach and Benjamin Britten.

In addition, celebrated jazz ensemble The Leo Green Experience gives a late-night jazz gig, plus Devon favourite Trelights Brass Quintet performs a free beachfront concert to round off the festivities.

Mr Rosenblatt is a regular supporter of local charities and musical activities, although this is the first time he has presented an entire festival. His recital series Rosenblatt Recitals provides many singers with their London recital debut and he is credited with establishing the careers of some of the world's major opera stars.

He said: "I am delighted and excited that we have this incredible opportunity to present the world's leading stars from opera, classical music and jazz in the intimate and beautiful setting of the village of Branscombe. I hope that this will be the first of many Branscombe Festivals."

## Quacking good fun!

DUCKS belonging to Kim Matthews, Pauline Howard and Helen Terry won gold, silver and bronze respectively in the Kilmington Pre-School Duck Race 2013.

After a dramatic finale, the three ducks broke loose to claim their places on the podium.

No less than 380 plastic ducks had been sold at £1 each for this year's race, held on Wednesday.

The starting point at Jubilee Green was a hive of activity as the ducks were released. Children and grown-ups alike then followed the ducks on foot towards the finishing line, opposite Hurfords Stores.

There was compelling drama towards the end, worthy of an Olympic final. One of the larger ducks held a healthy lead but got stuck just after the final bend, agonisingly close to the finishing line. The chasing pack caught up, but got stuck too.

A race official had to poke a broom about and when the mess was cleared, three smaller ducks powered home to claim the top spots.

The top prize was £25 with the runner-up taking a family pass for Escot and the bronze a voucher for Archway Bookshop.

Money raised will go towards pre-school funds.

## Pulman's View from the churches with Nigel Speller

THE Methodist Church is giving young people new opportunities through their church 'One Programme' (for young people aged 16-23) to have the chance to make a difference in their communities, while receiving a living wage.

'One Programme' participants are paid to work 15 hours a week - nine hours in a local church or on an innovative church project and six hours training or other national work. The Methodist Church expects this work will enable young people to grow, develop and achieve something, and we wish them all good luck.

Following clarification from HM Revenue and Customs, ACAT, the national charity for church treasurers has reissued guidance on the changes to Gift Aid, available from [www.acat.uk.com](http://www.acat.uk.com). There is also help forthcoming about the tax minefield which now confronts parochial church councils or their equivalent and employees - see

[www.hmrc.gov.uk/employment-status/](http://www.hmrc.gov.uk/employment-status/) [www.hmrc.gov.uk/employment-status/](http://www.hmrc.gov.uk/employment-status/)

So to events - Ottery St Mary Church is mounting an art exhibition in the Church from May 26th to Sunday June 2nd. On Wednesday May 29th Seaton United Reform Church offer refreshment from 10am-12noon ending with a short act of worship. This is a regular Wednesday event.

Music for a summer evening is offered on the organ and cello at St Mary's Church, Offwell, on Wednesday June 5th at 7pm. Tickets from Offwell Shop.

Next comes Exeter where on Thursday June 6th from 12 noon there is a Coronation Diamond Jubilee Luncheon in aid of the Cathedral Development Appeal, tickets £65 each, from 01392 285974. Exeter Cathedral Players will be at Cotleigh Village Hall with light music on Saturday June 8th at 7.30pm in aid of Cotleigh Church Funds. Tickets £7 from 01404 43339, 42758, or 831961 For the diary - Seaton Methodist Church

is hosting a jumble sale on Saturday June 15th from 1pm to 4.30pm - entry free, situated near Seaton Hospital. Ray Hunter from Axminster Christian Fellowship writes that the last time he appeared in this column he was giving thanks for how Axminster had rallied behind those who had lost their jobs at Axminster Carpets. Following on from this he came across the verse below by an unknown poet, which seemed appropriate. He continues, we know that already some of those who were made redundant at Carpets have moved on to new jobs, some have been rehired and some are still dealing with the difficulties of unemployment. Let's give thanks for those who have found employment, and continue to love, support and encourage those still looking. Not until each loom is silent. And the shuttles cease to fly, Will God unroll the pattern. And explain the reason why. The dark threads are as needful In the Weaver's skilful hand, As the threads of gold and silver For the pattern which He planned.

**ORIGINALLY** from East Anglia, Nigel Reeve has spent most of his career working in the London media world but moved to the area four years ago, setting up Marketing West.

Nigel lives in Beaminster, Dorset, but his marketing company represents businesses across East Devon, West Dorset and South Somerset.

Nigel is a member of the Chartered Institute of Marketing. He was one of the directors that came up with the idea of Classic FM and, when working there, won the Campaign Medium of the Year Award and the Marketing Society New Product of the Year Award.

He then moved to ITV where he launched the UK's first rolling news radio station. Marketing West was formed in 2010 and, in 2012, won the Marketing Campaign of the Year Award at the Dorset Open4Business awards and was also named as Business of the Year.

### ● HOW did you get into marketing?

I started working in the newspaper industry and then broadcasting. In the early 1990s I was one of the three originals that launched Classic FM. I was responsible for all their launch marketing and things went from there. After that I went to ITN/LBC in London and that's when I realised this was what I really wanted to do

### ● WHAT do you enjoy about the job?

We focus on delivering results for clients so it's the challenge. There's nothing better than when I client says that the strategy we devised has really made a difference to their business.

### ● WHAT kind of business and organisations do you represent?

Our range of clients is quite varied, from national businesses through to individual retail outlets. Currently we are working with a couple of hotels, a vineyard, a stove manufacturer, a manufacturer of wood chippers, a group of care homes, a pharmacy, a legal firm, a specialist mediator, a couple of local pubs, a camping specialist and the Charmouth Traders Association. See what I mean?

### ● ARE there any major projects you're working on at the moment?

At the moment we are working on four major leaflet door drops which when combined will be delivered to about 70,000 homes throughout the South West. I cannot say any more at this stage other than getting these to all tie in together is a nightmare!

### ● ARE you a member of any local organisations?

I'm a member of the local branch of the Federation of Small Business and a member of the Chartered Institute of Marketing which also puts on local events. Also

I'm a member of the Beaminster Chamber of Commerce, the Weymouth Chamber and the Dorchester Chamber. It means a lot of breakfast meetings but who's complaining?

### ● WHAT are your personal interests?

I'm a lover of malt whiskey and red wine. I play golf and wish I played more. For my sins I'm also an avid fan of Ipswich Town Football Club as I was born about 200 yards from their ground.

### ● WHAT do you like about living in this area?

The area is simply unique. I've spent time travelling all round the UK but there is nowhere quite like this area. It's also like going back 30 years. If only we could get the broadband improved it would be perfect.

### ● WHERE is your ideal holiday destination?

There are two places I love. One is the Scottish Highlands as the air is so clean, the scenery is stunning and the golf courses are wonderful. The other is the island of Corsica. French food with an Italian influence plus the sunshine and one of the best golf courses in the world.

### ● WHICH three guests would you invite to your dream dinner party?

I'd certainly want Margaret Thatcher there. Whatever people may say now they don't appreciate what this country was like in the 1970s before she was elected. I'd also invite John Lennon who was the real talent behind The Beatles and the last would be Luciano Pavarotti. I was lucky to see him live a couple of times - so much presence on stage.

Running until Sunday June 2nd, the exhibition features work from more than fifty local artists including more than 150 paintings, local pottery, jewellery and glass.

The charity exhibition will be raising money for Devon Air Ambulance and has been organised by long-serving charity artist, Ursula Pratt MBE.

Mrs Pratt has been running the East Devon artists for charity group since 1992, and over the years has raised more than £170,000 for charitable causes. She was recently awarded an MBE by the Prince of Wales at Buckingham Palace, for her outstanding work raising money for charity through art.

Featuring a range of both amateur and professional artists from the River Exe to the River Axe, the exhibition in the venue on Coburg

Road will include work from artists such as Barry Mason, Helen Workman, Michael Stride, John Hoar, Michael Beach and Bob Bradshaw.

Local MP, Hugo Swire officially opened the exhibition on Friday evening during a special opening event and was pleased to support the work of Ursula and her friends,

Excited about the upcoming week, Mrs Pratt said: "I am excited about the week ahead and I hope very much that we will have many visitors and people will come and support both the Devon Air Ambulance and our local artists.

"I want to emphasise what a beautiful place Kennaway House is for our local artists to showcase their work and a lot of effort has gone into making this a unique and outstanding venue.

"I would also like to take this opportunity to thank everyone who has helped or supported me with organising this event, especially my wonderful friends who helped to set up the exhibition, as it has taken many days to organise.

"I look forward to meeting with visitors to the exhibition and hope we can raise as much as possible for this worthy cause."

The exhibition will run daily at Kennaway House, Coburg Road, Sidmouth from 10am until 5pm, until this Sunday (June 2nd.)

Entry is free although donations are welcome and there will be a raffle. Twenty-five per cent of all painting and art sales will be donated to the Devon Air Ambulance.

## Honesty alive and kicking...

■ HONESTY is alive and kicking in Seaton.

Thursday, May 16th saw me sunning myself on the seafront in Seaton.

The last day of my one-week break in Devon was perfect. My sensible head was elsewhere as I left my wallet behind, on a bench, as I went off for lunch.

It was about an hour before I became aware of my stupidity. By the time I found the Police Station, where I intended to report my idiocy, the said wallet with all its contents intact

had been handed in.

My holiday money, various bank cards, store cards etc where as I had left them.

My thanks goes out to the kind lady who took the trouble to hand the wallet in, completely intact.

What a fantastic commendation for the people of Seaton in times where stories of people being 'had over' are commonplace.

A very big thank you.

## ...but then again, maybe not

■ I WOULD like to give some advice to the person or persons who stole our pink azalea in its brown glazed pot from outside our front door during Thursday night.

It will require watering regularly and dead heading to help prolong its flowering and it will eventually need re-potting into a larger pot.

You see my husband has nurtured this plant for several years and I would hate to think that it would die due to neglect.

I also hope that, every time the person who stole it, looks at it, they feel total and utter guilt.

We bought the pot many years

ago when we lived in London. It sat outside our front door with various plants in it for many years and was never stolen.

We never dreamt that this would happen in Seaton. Last year someone stole our hanging basket!

I suppose we must take it as a form of flattery that our efforts produce plants that people covet, to the point that they drive out in the dead of night, and steal them.

# Speed limit is irresponsible

■ I READ with interest the statement from the Devon County Council spokesperson regarding the closure of and repairs on the A358 between Musbury and Boshill Cross last week, which - according to the statement - was "for the safety of the travelling public".

If Devon County Council is really concerned about the safety of the travelling public on this section of road, perhaps they would consider reducing the current speed limit of 60mph to a more reasonable and less dangerous 40mph.

I consider the speed limit from Musbury

village to Boshill Cross to be a contributory factor in the numerous fatalities and other accidents that regularly occur on this section of road.

I have written to the council about the speed limit and received the response that accidents don't count unless they are fatal! And they consider the road to be a rural road for which a speed limit of 60mph is appropriate. This seems to fly in the face of the recent roadworks which commenced within 24 hours of inspection. Quite a rush for a rural road.

There are very few houses on that section

of road, perhaps this is the reason for the council's classification of it as rural.

However, since the development of Tesco's at Seaton, the traffic has increased on the A358 generally and the 60mph limit for the final part of the road approaching Boshill Cross now seems irresponsible.

I implore Devon County Council to consider reducing the speed limit on this stretch of road "for the safety of the travelling public".

## Community deserves to know why teacher was suspended

■ I WRITE in reference to your recent article (Pulman's View, issue 390, April 30th) about All Saints School's suspended head-teacher, whose employment has now been terminated.

The suspension of Mrs Christine Hollidge and the subsequent investigations have been oddly protracted, and surrounded by rumour.

It is perfectly proper that, whilst the appropriate procedures are undertaken, nothing of the details should be aired in public. However, I note in your most recent article that "It has been stressed that the decision

is not based on any disciplinary or conduct issues"

If this is the case it seems appropriate for the community to know what reason there could be for terminating Mrs

Hollidge's employment.

As someone who has some experience in educational matters and is also an ex-chair of Governors at All Saints school I would want to seek the answer to the

following question: "If the dismissal of a head-teacher - who has served many years with distinction at All Saints, had just achieved an "outstanding" judgement by OFSTED and who was

adored by parents and pupils alike - is not based on any disciplinary or conduct issue, what exactly is it based on?"

## Gym equipment an eyesore in village

■ I AM not sure which authority was responsible for the erection of the gymnasium equipment in Jubilee Gardens, Beer, but it is another example of wasting money.

I have yet to speak to any Beer residents who are not against the installation which is an eyesore in a beautiful unspoilt village.

The siting of the machine by the lifeboat hut is quite ridiculous being close to the bench often

used by the elderly as it previously had an unspoilt view of the sea.

Maybe it would be more advantageous to the community if the lighting in the area was operational in this area as it is pitch black in the late evenings especially in the wintertime.

## Time work began on cycle path

■ THERE has been a lot of hot air talked and written about the route of the Stopline Cycle and Walking Path where it passes through Colyton and it is time that common sense prevailed and the situation made clear.

The route originally proposed by Devon County Council (DCC) and Sustrans exited the Wetlands through Orchard Close. At a meeting held at Colyford Memorial Hall chaired by DCC but packed with vociferous residents from Orchard Close, this route was voted out and an alternative route reaching the A3052 via Popes Lane proposed. It is the extra cost to DCC for this route change that Colyford

residents are required to fund.

This alternate route, if adopted, would result in cyclists and walkers, some with children, having to use the A3052 for a dangerous half mile down from Popes Lane before reaching Cowhaynes Lane, clearly not wise or acceptable.

A more direct route using the existing new paths through the Wetlands and then continuing northwards, crossing the tramway and reaching the A3052 at a point between the existing road/tramway crossing and the electricity substation and opposite Cowhaynes Lane, would be much more sensible and preferable. The tramway could be crossed with a gated

"stop, listen, go" crossing. Seaton Tramway have no objection in principle to such a crossing. The Rail Regulator's authority would be required but this is not anticipated to be a problem.

The result would be a pleasant and quiet walk or ride between Seaton and Colyton.

Discussion and planning for this unique and interesting route in East Devon has been going on for far too long. It is time the matter was settled and work on the ground commenced.

## Colyton Christian Aid thank you

■ THANK you to everyone who responded so generously during Christian Aid Week in support of this organisation which brings vital support to many people all over the world.

Colyton and Colyford residents have raised the magnificent sum of £3,134 from a coffee morning, the Christian Aid United Service which was held in St Andrew's Church and the house to house collection which accounted for £2,209 of the total.

Thank you too to everybody who helped with these events in practical ways and in particular the team of 38 house to house collectors. Give yourselves a pat on the back!

## ✿ Try My Massage

### CATH du Preez MTI

Registered practitioner and full member of the Massage Training Institute (MTI) and the Complementary & Natural Healthcare Council (CNHC)

Massage is a hands-on, holistic method of health care. Massage therapists use hands-on techniques on the muscles, fascia, tendons, ligaments and joints to bring relief from everyday aches, reduce stress, increase relaxation, address feelings of anxiety and tension, and aid general wellness.

Massage therapy also treats specific physical and medical conditions by releasing muscle tension, restoring muscle and postural balance, increasing circulation and improving tissue nutrition. Therapeutic massage can effectively treat long term chronic pain, motor vehicle accident rehabilitation, athletic injuries, repetitive strain injuries and nerve impingements.

It can also be used in support of other therapies to assist in the rehabilitation of muscular injuries i.e. massage can improve the effectiveness and comfort level of chiropractic or physiotherapy care.

Massage can also be an important part of a preventative maintenance program. For long term health, consider a maintenance plan of monthly treatments. This approach works well when you are at a level of health that you want to maintain. The monthly massages take care of minor aches before they become painful problems.

## ✿ Head to Feet

TREATMENTS last approx. 1hr and can include soft relaxing music perfumed candles. Home visits for housebound and elderly.

Reflexology is a non abrasive therapy for the feet and hands. It is one of the oldest therapies. It is not just foot massage, as different parts of the body can be helped in different ways, palpating and pressure. It is very relaxing especially for people with long term problems, especially those caused by stress or those which causes stress. Reflexology reduces stress, enabling our bodies to work better, if we are less stressful we also have less pain and are less susceptible to common ailments, because our body and mind is working better therefore we are healthier.

Indian Head Massage also is very relaxing and has been helping people for hundreds of years. It can be given with or without oils, but obviously the use of oils are more beneficial. The western therapy includes shoulder, upper spine, upper arms, neck head and face. This therapy can be given sitting in a chair and can be done on top of thin clothing. Some employers are offering Indian Head Massage for their employees in stressful jobs, having realized the benefits of improved productivity. I can also include a beauty massage if required for a little extra charge.

Therapeutic Massage [ Back and shoulder with oils]

It is surprising how many problems start with stress from the spine and shoulders, which can effect our lives in lots of ways, someone once said " more time is lost off work because of back and shoulders problems than most anything else..

### Acupuncture can improve & maintain health & energy & enhance a sense of well-being

ACCORDING to traditional Chinese philosophy, our health is dependent on the body's motivating energy (qi) moving in a smooth and balanced way through a series of channels beneath the skin.

Acupuncture can affect the quality of qi, your body's vital energy, by the insertion of very fine needles into specific points along these channels. This stimulates the body's healing response and restores natural balance. Treatment is aimed at the root cause of your condition as well as your main symptoms. This approach helps with resolving your problem and enhancing your feeling of well-being. You may notice other nagging problems resolve as your main health complaint improves.

The type of conditions that I mostly see in my clinics include the following: arthritis, back pain and sciatica, poor circulation, low energy levels, hormonal/menopausal symptoms, pregnancy management, fertility problems, weight management, and addictions such as smoking. However, you don't have to be ill in the conventional sense to benefit from acupuncture, sometimes people come to see me because they are feeling low, unwell in themselves, or maybe not sleeping as well as they would like to.

Professional Acupuncturists spend at least 3 years training at degree level to become an Acupuncturist. We are then entitled to join the British Acupuncture Council and to use the letters Lic.Ac., B.Ac.C after our names. We also have public liability and professional indemnity insurance. Many of us have also studied at post-graduate level and are constantly updating our skills and experience.

So, why not give me a ring and see if I can help.

### Health & Wellbeing

MODERN life

means that the clock rules many of our lives, and the clock is ticking. School runs, meetings, deadlines, and commitments. Most people fill their day from start to end.

The pressure is on to conform to look good to be thin to wear the right stuff to pass exams to be better than we are, everyone seems to expect so much.

Aside from the obvious blood pressure raising, with the stress of being under chronic time pressure, and conformity, our modern lifestyles mean most of us just don't take the time to exercise or prepare healthy meals, take regular healthy exercise or relax properly.

The problem is that some of the key lifestyle factors leading to primary high blood pressure (a silent killer, hypnosis can help to lower your blood pressure alongside life style changes) include being overweight, eating too much; salt, stress and emotional distress and lack of exercise, add trying to find time to relax and be mindful and it all seems too overwhelming. If we add to that the additional issues of illness and care giving it might seem we just don't have the time to do it all, but by taking a different approach, it can be different.

So time may be a precious resource, but what's more important than your wellbeing and your health? Take the time to make some changes and learn how you can take control of your life today, if there is something you want to change call Michelle Hague 07761773563.

## The use of colour in your home...

**COLOUR** is perhaps the most personal and dramatic statement you can make in your home.

When it comes to decorating, poring over paint charts is undoubtedly one of the most exciting things, and the moment when you first take the lid off that tin of paint is even better. Colour can create moods, and even, many people believe, improve your mental well-being.

### Choice

It doesn't seem that long ago that the choice for colour was either magnolia or 'tint with a hint'. Nowadays there are endless possibilities and, as with clothes, the major companies bring out new colours each season. One minute acid green is all the rage, the next it's the 'new neutrals'. It is easy to be overwhelmed by the choice. Even sticking to tried and tested white can have its pitfalls.

### Pitfalls

You may know exactly which colours you want to use but you can still hit a stumbling block. Why does the colour that looked so great in the tin look insipid and lifeless on the walls? What's more, you've spent hours trying to get everything to match exactly, but your room has just ended up looking bland.

### Colour schemes

Planning and carrying out your own colour schemes is easy once you understand the principles of colour. Interior designers often seem to have a built-in instinct for what goes with what, and it's true, relying on your

instincts and playing around is one of the best ways of learning. But although paint is relatively cheap, doing out a whole room with soft furnishings and accessories only to realise it doesn't work, can be an expensive mistake. Designers have been trained and many use a simple colour wheel to make sure their designs are going to work.

If you're confused about colour, follow our simple rules and you need never leave colour to chance again. And once you know the rules, have fun breaking them.

Colour is a deeply personal thing - what makes you swoon, might make someone else sick. If you've ever wondered why you feel listless in your lounge or happy in your hall, delve into colour psychology.

# AWARD-WINNING DORSET SINGER GUITARIST TO PERFORM AT JURASSIC FOLK

A YOUNG singer, guitarist and fiddler from Dorchester who is going places: Following on from winning the BBC Radio 2 Young Folk Awards in 2010, James was signed by leading Folk Music label Fellside and released his album, 'Sport & Play' (FECD238), to a set of shining reviews.

English Dance & Song noted his 'great voice', and ability to 'handle a repertoire that would normally be associated with an experienced performer with no difficulty' and R2 magazine commented that 'Findlay is a singer of rare strength and conviction'. All this helped to establish James Findlay as one of the leading young Folk performers securing a place in the MOJO Top Ten Folk Albums of 2012.

Since the release of the album he has been consolidating his position on the Folk club and festival circuit with his voice of 'steel and sensitivity' with a 'dramatic edge' that draws the crowd along and into his performance.

His new album 'Another Day Another Story' (FECD252) builds on the previous one with an excellent choice of mostly traditional songs which strongly link to his West Country roots. Again he keeps it simple to let the songs speak for themselves and it will go a long way to further enhance his growing reputation within the folk scene. There's more about him at his website.

Support spots on this night are of very high quality. First we have the wizard of the Hammered Dulcimer and Hurdy Gurdy, Damian Clarke, who could clearly provide an evening's entertainment on his own, and that fine 3 piece group from Culm Valley, Crossborder, and you can check them both out further on their websites.

It all happens at The Grove, Seaton, on Wednesday, June 5th, doors open 7.45pm, advance tickets (up to 4th June) are £6 (£8 on the door) from [www.eastdevonfolk.org](http://www.eastdevonfolk.org) or phone 01297 20064.

## BEER'S HISTORIC WURLITZER

The Mighty Beer Wurlitzer Theatre Organ Show was greatly enjoyed by everyone who came to the Congregational Church in Beer on Saturday, May 11th. The popular Matthew Bason returned once again to delight the audience with his versatile performance on the Wurlitzer, as well as on his Roland organ and accordion, not forgetting his exceptional vocal talent with a medley from Oklahoma. When he linked the Wurlitzer to the Roland organ to play four keyboards, his skill was truly formidable. His repertoire included lively music from films and shows and tunes from around the world – his swing and rock and roll sessions were real highlights.

There are four further shows in the summer programme, the next will be on Saturday, June 1st, when Paul Kirner, currently celebrating almost 50 years in professional entertainment, will be taking his seat at the Wurlitzer. All shows start at 2.00pm at the Congregational Church, Fore Street, Beer – admission is £6.00 at the door which includes interval refreshments. Everyone is most welcome. # The Lyme Regis Jazz, Blues & Real Ale Weekend

THE name may have changed, but this has done nothing to diminish the quality or the class of Lyme Regis' longstanding jazz weekend. This year the Jazz, Blues & Real Ale Weekend boasts a superb line up of local and international musicians, including Geno Washington and Ginger Baker. Combined with Lyme's colourful flare, the jazz weekend 2013 will be one to remember.

Getting the weekend off to a swinging start is a long-standing festival favourite Gerry Brown and the Mission Hall Band, who will be performing at the Marine Theatre on Friday evening.

Not one to forget important traditions, the fabulous jazz parade will be gracing our streets from 11am. Full of bright and beautiful outfits and umbrellas with a marching band to boot, the parade is a unique and quirky event not be missed – and a great photo opportunity at that!

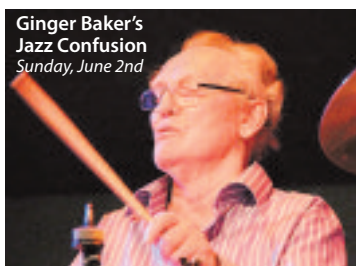

Shortly afterwards there will be performances at the Marine Theatre by 3 great jazz artists - Julie Dunn (vocals), Neil Maya (saxophone) and Louise

Parker (vocals). All will be accompanied by Philip Clouts who is the curator of the Marine Theatre's popular "Jazz in the Bar" series.

Saturday night heralds one of the greatest musicians of the 60s soul scene. Geno Washington and the Yo-Yos will be lighting up the Marine Theatre to show just why he is celebrated as an electrifying performer. Geno Washington, a contemporary of artists such as Jimi Hendrix and The Small Faces (all of whom were his support acts back in the day), continues to play at prestigious stages such as the Albert Hall and will be appearing at Ray Davies' Summer Meltedown finale at The Royal Festival Hall.

Sunday's afternoon delight at the Marine Theatre is a celebration of jazz and blues guitar. This will be brought to you by three award winning bluesmen: Harry Skinner and Dave Saunders, superb jazz guitarist Dave Marchant and local favourite Stompin'

Last but not least, to round the proceedings off on the Sunday evening at the Marine Theatre is Ginger Baker's Jazz Confusion. The legendary drummer from "Cream" will be playing with a formidable quartet of up-and-coming jazz musicians to provide a truly rousing finish to the weekend.

Boy has Lyme Regis pulled it out of the bag again! For more information on all the events happening at the Jazz, Blues & Real Ale Weekend, visit the Marine Theatre website – [www.marinetheatre.com](http://www.marinetheatre.com).

## Colyton Theatre Group bring Oscar Wilde Comedy to the stage

COMBINING the wonderful wit of Oscar Wilde with sumptuous costumes and a talented cast, Colyton Theatre Group is busy rehearsing *Lord Arthur Savile's Crime*, which opens at Colyton Town Hall in June.

Directing this latest production is Margaret Smith from Seaton, a member of CTG for 22 years, who is excited about working with such an enthusiastic cast.

She said: "It is going to be sensational. Everyone is putting in an unbelievable amount of work and the audience can be well assured of a stimulating and exciting murder mystery. The plot only but thickens as it develops."

Written by Wilde in 1887, and set in aristocratic 1890s London, Margaret, with assistant director Enid Perry, has drawn on some well-established names to perform, including Jeff Hutchinson as the butler, Baines, Angela Parry as Lady Windermere, popular David Clarke as The Dean of Paddington and stalwart Simon Ford, who is Mr Podgers, a chiromantist, who in July will direct Shute Theatre and Arts Guild's production *A Servant to Two Masters*.

Aged 11, Jeff made his stage debut as Peter Pan and has frequently occupied the stage of CTG in various roles, from villain to Dame in the annual pantomime.

Former primary teacher Angela Parry from Shute is a member of S.T.A.G. and recent roles include Barbara in-

Pack of Lies and Sorel in Hay Fever.

Making his debut with CTG is Stephen Knight, as Lord Arthur Savile. Stephen's acting career began five years ago after appearing in Seasons Greetings in Tipton St John. After that he was hooked, subsequently appearing in plays and pantomimes in Sidmouth, Colyton Raleigh, Newton Poppleford and, most recently, in Local Affairs in Lyme Regis.

Award-winning Alison Stenning takes a pivotal role as the anarchist Frau Winkelkopf, while Tish Wells is looking forward to the challenge of playing the doddery Lady Clementine Beauchamp.

Sandra Henson, who produced her own musical version of *Great Expectations* for the Carnival Show, takes the part of Nellie the kitchen maid.

David Clarke and Simon Ford need no introduction to the Colyton stage. As well as acting, David is an accomplished director and playwright too, while Simon has played numerous roles in local productions.

Margaret said: "The play opens with Lord Arthur preparing to marry his sweetheart Sybil Merton (Debbie Meakin). But Lady Julia, (Cynthia Bell), his mother-in-law to be, wishing to make quite sure he is a suitable person to marry her daughter, engages Mr Podgers, a fortune

teller, to find out if he has committed any awful misdemeanours."

This opens a can of worms, leading Lord Arthur down a trail of murderous intrigue.

"There are so many people, the actors on stage and the unsung heroes behind the scenes, who have worked so hard to give the audience a night out to remember," said Margaret, who described the audience as "the final piece of the jigsaw" that allows the play to go ahead.

Opening night is Wednesday, June 12, running until Saturday, June 15, starting at 7.30pm. Tickets are £8, (£4 for under-16s), available now from Buddens the Chemist, Colyton, The Little Shop, Colyton, Pennys Estate Agents, Seaton, Busy Bee Florist, Axminster and Emily's Chocolates, Sidmouth.

Margaret, who hopes for a sell-out show, added: "As a community we have got to support these local events, otherwise we will lose such a vital community function."

## SEATON VOICE STREAMING LAUNCH

SEATON'S Gateway was packed to the brim over the weekend when members of Seaton's Voice launched the first of their live streaming events.

Showcasing the National Theatre's 'This House' and the Bolshoi Ballet live from Moscow, crowds filed into the hall to be the first of many to enjoy the new cutting edge equipment.

The first of the live streaming events was held last Thursday when a number of special guests for invited to join in the celebrations and enjoy the show. Those in attendance included Seaton's new mayor, Councillor Gaynor Sedgwick, new vice chairman for Seaton Town Council, Councillor Sharon Bruce, County Councillor Jim Knight, Alan Mace of Seaton Film Club and Ian Barradale who has supported Seaton's Voice with his photography.

Whilst transforming the town hall from the old to the new, the £20,000 state of the art live streaming system will showcase shows, opera and ballet live, with visitors able to watch as if they were sat in the theatre at which they're being performed.

The streaming system will enable musicals and the-

atre productions from the West End to Broadway to be screened in Seaton, with the nearest towns with similar equipment being Bridport and Exeter.

Speaking on behalf of Seaton's Voice, Annette Bentley said: "The opening night for the live streaming and the weekends' shows were incredible and absolutely fantastic in every way.

"The events went better than we could have ever had imagined with the shows selling out and the hall fill to the brim with visitors from all over.

"The nights were an amazing success and the ballet in particular was such a beautiful performance with a standing ovation at the end from all watching.

"The technology was remarkable with such vivid colour, and sound and you really felt as if you were there.

"Thank you to everyone who has supported us with this project, it really was a perfect few evenings and so many visitors really appreciated what we have brought to the town.

"We are now looking forward to our next events and moving onwards and upwards."

# Segways in Seaton

Town Council brings the two-wheeled transport to Cliff Field Gardens

VISITORS and Seaton residents can get ready to whizz around Cliff Field Gardens as Seaton Town Council bring segways to the town.

The two-wheel self-stabilising, self-balancing form of transport will be available for all this half term, with something new and exciting everyone to enjoy.

Having recently developed the play park at Elizabeth Road, town councillors on the youth and recreation committee were keen to provide activities for teenagers and older children in Seaton.

With this in mind, the segways visit will form part of a trio of events held in Seaton during the next few months, aiming to get teens involved in the local community and give them something to enjoy. Other events will include laser tag game, Hangar 51 on August 10th and body zorbing and a climbing wall on August 24th.

Councillor Dawn Squire said: "We are very excited to be bringing these out of the ordinary and fun activities for Seaton's teenagers and visitors.

## Size matters: Tony loses over 3st

AS new data reveals that men are better slimmers than women, one Honiton man is certainly doing it for the boys after losing over 3st.

Research by Slimming World, presented at the European Congress on Obesity 2013 this week, shows that when men join a Slimming World group they lose more weight than women, with male slimmers losing an average of 6.1 per cent of their weight in three months compared to their female counterparts who lose an average of 4.6 per cent of their weight in the same time.\*

Sharon's super(man) slimmer Tony spent years feeling unhappy with his weight and desperate to drop the pounds. But now, thanks to Slimming World, it's a different story. He's gone from over 14 stone to under 11 stone and lost a total of 15 inches since joining his local group in January, and been named Honiton's Slimming World Man of the Year 2013.

Tony says: "I hated being overweight and I did try to do something about it, I'd go to the gym and watch what I ate but I'd never lose much

weight – if any. In fact, I put on so much weight that I eventually stopped going to the gym and gave up squash as I got too big to play. I'd always thought that slimming groups were just for women, but it was becoming clear that 'going it alone' wasn't working for me and I needed some extra motivation. I got to a stage though where I was really afraid I was building up to a heart attack, and actually feared I may die, so I decided to give it a go. I was extremely nervous walking into the group for the first time but everyone was so friendly and I realised it was daft to feel like the odd one out just because I'm a bloke because we're all there for the same reason. I haven't looked back since and at over 3st lighter I definitely don't have any regrets about joining the group. I recommend it to everyone now!"

On joining the group Tony began following Slimming World's Food Optimising eating plan, which is a big hit with men because slimmers can eat hearty meals without worrying about portion sizes and still lose weight. He says: "The great thing is you don't go hungry. It's about healthy eating – and man-sized helpings of healthy food too – not fads and gimmicks. Now the family eat their favourite meals in a low-fat way, so I can still have curries and Chinese dishes, steak and chips and roast dinners. My favourite meal is a fab Malaysian Red Pepper and Chicken Curry."

As the pounds started to drop off, Tony had more energy and began to find being active much easier. He says: "Slimming World encourages you to boost your weight loss and get fitter by becoming more active, but you start as big or as small as you like. I started running again and have just recently reached my all time best of 9.2 miles I can honestly say I feel like a different man since losing weight.

Now I feel much fitter and healthier. I'm even thinking of doing a half marathon"

Sharon, who runs the Honiton Slimming World group that Tony attends, says she's incredibly proud of him: "Tony is proof that men can benefit from getting support to eat more healthily and become more active as much as women. He's a real inspiration and I just hope that when other men read his story they'll come along to Slimming World too, especially now they know they won't be the only man and that the research shows they're likely to do really well! It's extremely important because the obesity crisis doesn't just affect women – in fact, there are more overweight men than women in the UK."

For more information or to join Slimming World call Sharon on 07963337178 or visit [www.slimming-world.com](http://www.slimming-world.com).

\*Data presented at the annual European Congress on Obesity in Liverpool on Monday, May 13th 2013 analysed weight records of 1.2 million Slimming World members from across the UK. It is the biggest ever study of its kind.

The Vinyl Monkeys are one of the most innovative bands to emerge on the south coast for a long while and Mole Avon are delighted to have them perform at this event.

Their energetic rendering of covers from, among others - songs by

Kings of Leon and the Killers, Kaiser Chiefs, Cee Lo Green along with their own original numbers, leave the audience wanting more at the end of every gig - so there is much to look forward to, a fun evening whilst raising money for such a worthy local charity!

For anyone interested in joining in there is an open tug of war competition being held at 7pm.

This fundraiser is one of many that has happened this year to help celebrate Mole Avon Trading Limited's 40th anniversary and it's Ruby Appeal for Hospiscare - which aims to raise £40,000 for this worthy local charity during 2013.

So far the company has raised over £7,500 for the charity through various events including cake sales and

tombolas, a bingo evening, quiz nights, a charity ploughing match and a car boot sale to name a few.

The remaining money is to be raised through a series of fundraising events planned throughout the year which will include a skydive in July, plus other events at Mole Avon's retail branches and within their local communities. This includes a fun afternoon at Summerlease Farm, Axminster on 16th June which comprises a Duck Race, Car Boot Sale, Face Painting, Skittles & BBQ. Many more fundraising events are still to be announced.

For further details about this event or any other fundraising event or to buy a ticket call the Axminster branch on 01297 32441 or email: axminster@moleavon.co.uk.

## Symonds and Sampson property auction in June

**THE** Axminster office has a fascinating property auction organised for the 20th June at the Guildhall, Axminster.

The homes included are varied and interesting.

The picturesque Corry valley is the setting for two of the properties. Firstly, Waterfall cottage, a peacefully situated detached property needing considerable modernisation, but standing alone, under a mile from the village and overlooking an adjoining 3.5 acre paddock, also for sale at the auction. Waterfall has a guide price of £245,000.

Along the road at Hawley Bottom is another detached cottage, but this one has been previously up-dated and stands in grounds of 2 acres including a paddock and some woodland. Little Hawley is really tucked away down a long lane so ideal for those who yearn for total seclusion. The guide price for this lovely thatched listed home is £375,000.

Red Lion Cottage at Membury is a late Victorian farmhouse, formerly the Village Inn. This is a large family sized property, also with terrific scope to improve and with development potential to convert some stone outbuildings and/ or utilise part of the garden as a building plot; all of course subject to ob-

taining planning permission. The generous accommodation includes 4 double bedrooms and 4 reception rooms. The grounds amount to 1.74 acres of garden and ancient Orchard with many long established fruit trees. With a guide price of £345,000, considerable interest in this property is predicted.

The Auction also includes a small and attractive parcel of pasture and coppice with frontage to the river Synderford, in Marshwood, West Dorset of about 0.56 acre (0.23 ha). Guide price £18,000.

The final property is in the sheltered Roncombe valley, near Sidbury, inland from the coastal resort of Sidmouth. It is an attractive residential smallholding enjoying a quiet valley setting in 19.98 acres. It comprises a well presented 4 bedroom barn conversion, a courtyard of stables, farm building, pasture and coppice. Mincombe Barn provides a rare opportunity to acquire a well balanced smallholding in a lovely setting. It is also competitively priced with a guide of £495,000.

For further information on this tasty Auction contact the Axminster office on 01297 33122 or find the properties on our web site [www.symondsandsampson.co.uk](http://www.symondsandsampson.co.uk)

## Citroën DS3 is best Supermini in 2013 What Car? JD Power survey

Citroën DS3 has been ranked 'Best Supermini' in the 2013 What Car? JD Power survey. In its very first showing, DS3 received an 82.2% satisfaction score - the overall industry average was 77.6% - with a maximum five-star rating awarded by its owners for Performance, Service and Running Costs.

The high score means Citroën DS3 is ranked an impressive 4th in the overall results out of a total 116 models, led only by Skoda's Superb and Yeti, and the Jaguar XF.

Chas Hallett, What Car? Editor-in-chief, commented:

"The Citroën DS3 sitting at 4th place is a great achievement for the French brand, the best-selling DS3 supermini proved to be a joy to own with its funky styling and low running costs."

Citroën DS3 knocked the Honda Jazz off the top spot to be crowned "king of the superminis", championing other rivals including the Skoda Fabia, Hyundai i20 and Volkswagen Polo. The Citroën model's design, quality, comfort and enjoyable performance were all referenced as

part of the positive owner experience.

Citroën's dealer network was praised for its "clean facilities and professionalism" and DS3 owners also claimed to enjoy the lowest fuel costs and service repair bills in the segment.

Linda Jackson, Citroën UK's Managing Director, said: "This is a simply fantastic result for DS3 and the Citroën brand. The JD Power survey ranks the views of real car owners so this is very meaningful recognition for a model that continues to go

from strength to strength and with an outstanding ownership experience."

## running honiton rc

## Ottery 10k missed!

with Judy Davey

IN the absence this year of the Ottery St Mary 10K, six Honiton runners drove over to **Crewkerne** for a similar event. The only trouble were the hills!

The race started with a 100ft climb with prizes for King and Queen of the Hill, but there were no Honiton contenders for these prizes.

Once at the top there was a nice descent before the next climb came along.

So it went on round the course, either going up or going down, and Richard Harvey who had assumed that after the first hill the race would be quite flat got a bit of a shock.

He still managed to get round in 43 minutes 51 seconds and lead the Honiton contingent home.

Next in was Vernon Gillard who hasn't managed to race much this year but had a good run of 44:55.

He was followed by Rod Inglis who likes to run steadily for the first half of a race and then go for it in the second.

This has the advantage of overtaking lots of tiring runners as he works his way through the field. He finished in 46:25.

Local vet Esme Wilson was next home in 50:01 very pleased that she could maintain her pace despite the hills.

John Burgess had managed to lead Esme up the first hill and kept her in sight for the next mile but lost her on a long ascent. He managed to pick up his effort towards the finish and came in 50:47.

Finally Brent Dicks, who only decided to do the event at the last minute and who doesn't like going uphill, took advantage of his sprinting speed on the downhill finish to overtake lots of other runners, and came home with a flourish in 55:20.

The race was won by Ben Broyd in the excellent time of 37:07.

## motor racing wiscombe park

## High five for in-form Hollier

OTTERY ST MARY driver Ed Hollier claimed a brace of wins at Wiscombe Park at the weekend to complete an unprecedented run of five victories from five starts since the season commenced in April.

Hollier took his Suzuki Hayabusa powered Pilbeam MP62 single-seater racing car to the Fastest Time of the Day in the first of two events over the weekend.

A time of 36.01 seconds was a mere six hundredths of a second away from the 1100cc to 1600cc racing car class record and those who observed the climb sensed that the record was within reach. And so it proved to be.

The following day the ex-British Leaders Hill Climb Champion recorded times close to his target.

But it was not until the last run of the day that everything came together with a smooth and well executed drive which yielded a climb of 35.42 seconds and another outright win - a new benchmark by over a half of a second.

Hollier was in good company with regard to new class records. Across the weekend a further four class records were broken in the saloon and sports car categories.

The two day championship meet-

ing saw Weymouth driver Geoff Blake on top form in the two litre Westfield which is also driven by his father Graham.

During the Saturday morning practice runs Blake junior was still adapting his driving style to maximise the performance of his machine particularly at the left-hand Martini Hairpin at the summit of the 900metre course.

Such preparation was to pay dividends as the weekend progressed.

A victory over his father was secured later that day but 24 hours later not only had the plastering contractor taken another win but added a new Modified Specialist Production Car record to his achievements.

Saving the best to last Geoff put together a measured yet rapid climb to better his own record, which he set just three weeks ago, by 1500ths of a second.

Frampton driver Stewart Green claimed two 'podium' finishes with his Sylva Riot in the over Road-Going Specialist Production Car Class having battled with the Westfields of Mike Williams and Andy Cawsey.

Reigning Wiscombe champion Craig Moore went into the weekend's events occupying third place in the Bridge Tyres and Wheels

Point S Wiscombe Park championship and knew if he was to improve his position he needed to achieve some quick times.

With no other competitors in the over 1600cc rally Car class Craig had to find his own motivation but never-the-less ended the day just over one third of a second off of the 44.23 second record which was set at the Woolbridge Motor Club event three weeks ago.

The following day with track conditions improving, despite the occasionally light shower of rain, Moore was on a mission.

He three wheeled the Ford Cortina GT through the Esses complex and negotiated both the Sawbench and Martini hairpins with precision to re-write the record book with a climb of 44.01 seconds.

In class for motorcycle combinations last week's winners John Staddon and Weymouth's Tom Clifford (Jacobs Suzuki) had to give best to the long-time sparring partners Patrick and Paul Keates with their Yamaha powered Baker F1.

But the category did see a healthy contingent of competitors from Portland with Nigel and Kirsty Glover having an outing on a Yamaha outfit and going up against fellow island residents Kevin and Sara Dewell.

# Beer clinch third title

CONGRATULATIONS to Beer who regained the  
Knock-out trophy; they have now won it for a third  
time.

The first leg of the final at Sidbury ended three  
games each so Sidbury faced an uphill struggle at  
Beer.

And so it proved as Beer used their home advan-  
tage and won comfortably.

So well done to David Kay and his Beer team, but  
well played also to Eric Pavey and his Sidbury col-  
leagues who were competing in their first final.

# Teignmouth held to entertaining draw

**HONITON** with Andy Wagner

THE first round of the Hellier Steele Perkins  
Trophies means you bring a different mind  
set to the course.

Being a bogey competition you find the  
competitors are playing 'match play'  
against the course. Suddenly those 6' putts  
for par are 'do or die' in terms of + or - on  
your card. A miss is as good as a mile so you  
may as well go for it.

The first round leaders in the Division 1  
Hellier Cup were Richard Reece +2, John  
Marchant +2 and Mark Gillard +1. The  
Steele Perkins Div2 Trophy being headed  
by Ben Phillips +4, Club Captain Dave Mor-  
gan +1 and Buzz Harris on level. All to play  
for next week.

### Tuesday Mixed

SUNDAY members played another popular  
Sunday afternoon Mixed Match.

This week it was organised by Jackie and  
Allan Seager and against Sidmouth. A full  
field participated and in spite of the home  
club giving shots in some of the games  
Honiton won 6-1/2 - 3-1/2. This was fol-  
lowed by an excellent meal.

On Friday the President's team played a  
Home match - again this was against Sid-  
mouth - Honiton won 5-2.

On Tuesday 28 members participated in  
the annual competition for the Ward Tro-  
phy was contested. Organised by Elizabeth  
and John Ward in memory of their son, the

format is drawn for partners, Greensome  
Stableford. The winners of the Trophy were  
Elizabeth Ward and Bob Barnes with 41 pts.

In 2nd place were Margaret Black and  
Andy Sharland with 40pts on c/b on the  
last three holes, in 3rd place were Catherine  
Doherty and Club Vice Captain Ron Gra-  
ham also 40pts.

This year Elizabeth and John's chosen char-  
ity was Devon Air Ambulance and £150  
was raised.

### Ladies Section

THREE competitions running at the same  
time meant a bit of a headache for Carol  
Booth who had the unenviable task of sort-  
ing out winners, but at the end of the day  
three sets of scores were sorted and in the  
Coronation Foursomes 1st place went to  
Tricia Swindell and Olwen Eaton with 35  
points who will go on to the next round in  
Launceston.

In 2nd place were Chris Pearce and  
Brenda Hyde with 30 points on c/b from  
3rd place Elizabeth Davies and Linda Blun-  
dell also with 30 points.

The Foursomes Stableford was won by  
Tricia Swindell and Olwen Eaton with 35  
points, 2nd were Thelma Neate and Linda  
McLaughlin with 32 points, 3rd place went  
to Linda Northover and Joan Smith with 31  
points, and 4th place to Heather Clarke and  
Lesley Oxenham with 30 points.

In the Australian Spoons competition the

highest score to date was Thelma Neate  
and Linda McLaughlin with 32 points.

### B Team vs Teignmouth

THE B Team is in full flow again and had a  
most enjoyable game against Teignmouth  
on Saturday.

Lead by past Captain Phil Wall these  
games are what golf club membership is all  
about, a fun day amongst like-minded peo-  
ple with competitive golf thrown in.

The boys from Teignmouth more than  
played their part with the matches ending  
in an honourable 3-3 draw.

### AXE CLIFF with Janet Dock

#### SENIORS

THE inter-club match against **Vivary Park**  
at Taunton coincided with the wettest day  
of last week.

The home team were better prepared  
than the visitors to cope with the condi-  
tions and so it proved as they won convinc-  
ingly 5-1, although two of the lost games  
were close calls.

The solitary winning pairing for Axe Cliff  
was Malcolm Glass and John Hanna.

On Friday, 26 members took part in four-  
somes for the **Brian Abbott Shield**, pre-  
sented by the widow of the late Brian  
Abbott.

Two teams outshone the others record-  
ing scores of 32 points and on countback  
the winners were Keith Wilson & Geoff

Hubbard, with Nick Stanton & Phil Wilkins  
having to settle for second place.

In third with 29 points were Mick Tones  
& Hugh Willis.

### Ladies

THE annual 'bring & win' competition on  
Wednesday (everyone a winner) was won  
by Glenda Board who had first pick of the  
prizes, beating Alison Cook on the back  
nine.

The league match against Great Torrington  
at home ended with all Axe Cliff ladies  
winning all seven matches for the first time.

In round Two of the Doris Willes Knock-  
out Helen Kenworthy and Glenda Board  
won against Teignmouth at Tiverton five  
and four a great result.

We look forward to their next round  
against Tiverton.

### Main Club

ON Saturday, May 13th the B Team Cap-  
tained by Geoff Greenslade played at Ho-  
nition and lost by six and a half to a half -  
not a good day for Axe Cliff! Well done  
Honiton.

The winner of the Adams Cup (a bogey  
competition) was Nigel Pritchard with a  
score of plus 5.

In second place was Alan Cooper from  
Alan Kenworthy on the back 9 with scores  
of plus 3.

# Westlake ahead in boat championship

### MAY COMPETITIONS

#### Sunday, 19th May

AT the beginning of the week it looked certain that yet another  
boat competition would fall victim to the bad weather, but as  
the week progressed the winds eased and FINALLY we could fish.

Fishing out of Dartmouth aboard the African Queen with  
Plaice top of the agenda everyone had a fantastic days fishing.  
The comp was fished on a 'catch and release' basis and with  
111 plaice being caught the majority were returned, which is  
great to see.

Top angler on the day was John Cornell 240pts. John had a  
nice plaice of 3lbs 3ozs. Dave Graham was 2nd with 225pts, with  
four anglers tied for 3rd with 190pts.

This all means that the Boat Championship is lead By Joe  
Westlake 760pts, 2nd Matt Cornell 590pts with John Stevens 3rd  
with 586 pts.

#### Friday, 24th May

ELEVEN anglers fish this month's shore competition at  
Branscombe, with a very fresh north-westerly wind blowing, the  
sea was flat but condition were still testing, but dry.

It proved to be a very hard night's fish, with May water cover  
all lines, and hooks being snapped by spider crabs. Species  
caught on the night were Plaice, Smooth hound, Dogfish and  
Pout.

The hounds were coming to hermit/peeler crab and a few  
good bites were missed.

In first place was Chris Sweetland with 259.69pts, 2nd went to  
Dave Graham with 224.77pts and 3rd went to Luke Bartlett with  
186.88pts. Chris also had the best fish of the night, a plaice of  
2lb6.5oz.

First place in the junior section in his first club competition  
went to Archie Sweetland with a score of 86.25pts.

# Good times ahead at Seaton Tennis Club

SEATON Tennis Club's Summer League season is off to a flying start

After the first few matches of the season, Seaton's summer league tennis teams are in strong positions with the four ladies and mixed teams currently top of their divisions.

Both ladies teams are at the top of their division's league tables in the Exeter & District Tennis League (Divisions 2 and 5); the Men's A team is undefeated so far and is second in Division 2 with the Men's B and C teams lying third in Divisions 5 and 7 respectively.

The Mixed A and B teams are top of Divisions 1 and 2 with the C team second in Division 4 of the East Devon Tennis League.

Mixed B team captain Teresa Hancock said: "The Mixed B team is flying high but is preparing to come crashing down to reality as the other teams catch up with number of matches played."

"We have had mixed fortunes so far, and some very enjoyable matches against Ottery St Mary (6-2), Teign Valley (8-1), Tunnels (5-5), Victoria

Park (0-8) and Willand (0-8).

"The last two hurt - especially as we were playing until nearly 10pm and had really close games but unfortunately came away with no points!"

The Men's A team, promoted as champions of division 3 last year, have games in hand.

Team captain Simon Prior said: "We are undefeated after four matches with 3 wins and a draw."

"The successful quartet from last season of Kevin Davis, Ian Broughton, Geoff Copp and Simon Prior have again been in good form, playing all the fixtures so far with just two "guest" outings from Charlie Potter and Martin Hancock."

Men's C Team Captain John Pinchin said: "We've had mixed results so far and are third in their Division, thanks mainly to the excellent play by young Alex Butcher."

The Ladies A team has enjoyed excellent victories away from home.

The B team was unable to sustain their early run of victories but remain at the top of Division 5.

Ladies B Captain Belinda Bawden said: "We have a strong squad of players eager to improve our position in the league."

Carol Hurst, Susan Green, Jo Little, Jo Head, Joan Andrews, Sarah Bedwell, Di Magrane and Liz Lindsay have played really well so and hope to secure promotion for next season."

The future also looks exciting at Seaton Tennis Club with a new clubhouse extension being completed soon and plans under discussion for upgrades to the court surfaces and improved floodlighting; all designed to make for a great playing experience at the club. A new improved website is also due for release soon.

The club is holding an open day on Saturday, June 22nd between 9.30am and 5pm - more details to follow.

♦ A range of coaching schemes for adults and juniors and details of the various membership schemes are available from the Membership Secretary Jeremy Warner, on 01297-444366 or email [warner.jeremy@gmail.com](mailto:warner.jeremy@gmail.com) for more details.
